**Speaker: Mr. Krishna Prakash**

Sri Balaji Society's Balaji Law College organized a lecture on, "Police Techniques and Cognizance of Public to Curb Organized Crime" on 14th December 2021 at 09.30 AM. The lecture was delivered by Mr. Krishna Prakash (IAS), CP of PCMC.

In his talk Mr. Krishna Prakash primarily emphasized that the core organized crime activity is the supply of illegal goods and services to countless numbers of citizen customers. It is also deeply involved in legitimate business and in labour unions. It employs illegitimate methods- monopolization, terrorism, extortion and tax-evasion to drive out or control lawful ownership and leadership, and to extract illegal profits from the public. The lecture was received with admiration by the students and the event ended with a question answer round followed by a vote of thanks by Soumya Jain
